

<b><i>PSAP</i></b>	<b><i>Notes/Comments</i></b>	<b><i>Letter to FCC</i></b>	<b><i>FCC Notice Date</i></b>	<b><i>TTY/Web Browser/IP</i></b>
Ahoskie Police Department (Hertford County Consolidation)				
Alamance County Central Communications	5/26/2015 TGB Dexter stated they have tested with Intrado/Sprint, AT&T, T-Mobile and Verizon. During their testing some problems were revealed with the text messages coming into the center. Hopefully their VOIP telephony upgrade will correct the issues. They did leave AT&T and Sprint active for testing. With Verizon being the major carrier in that area Dexter had them deactivate the texting until they addressed some policy concerns with their medical director. He has notified the FCC. DC - 05/11: Verizon in progress. 09/16: Dexter called me back. Has not sent letters. Concerned about training & impact on workload. Agreed to get started and send letters. 09/15: Called Dexter Brower. Left VM. Asked for call back.			TTY
Alexander County E9-1-1 Communications	05/26/2015 TGB Greg has been busy with upgrades and has not done anything with text to 911 yet.			
Alleghany County E911	5/26/2015 TGB Wendy stated they have not deployed text to 911 at this time."DC - 09/16 Wendy responded in e-mail: "I have not. I honestly was not aware it needed to be done. I will get started on it." 09/15 called Wendy Williams 336-372-3920. No answer, no VM. Sent e-mail.			
Anson County Emergency Communications	6/9/2015 TGB Spoke with Holly Mullis...she has the forms, but just hasn't filled them out. She does plan on doing so. She said they plan on using the TTY method of receiving texts to 911. 5/26/2015 TGB sent email requesting text to 911 information.DC: - 10/27: Left mesg to call me back. DD - Please send me the request letter and any other forms I may need to fill out for this. Holly Mullis			
Ashe County Communications Center	5/26/2015 TGB emailed Kevin asking for updated information on text to 911 deployment. DC - 09/15 talked to Kevin Hardy. Moving to Intrado and did not buy the texting pkg. It will cost them \$9,000. Do not plan to offer texting this year.			
Avery County Communications Center	5/26/2015 TGB Jamey advised they have not moved in that direction yet. It is something they are looking at heading towards in the start of their physical year in July. DC - 09/15. Talked to James Johnson. Have not signed up yet. He wants to his vendors.			
Beaufort County Communications Center	5/26/2015 TGB Received an email from the new 911 Director...will get with him next week.			

Beech Mountain Police Department	5/26/2015 TGB The Chief stated he knows they have not deployed text to 911. They have been looking into it. He arrived in December 2014 and is still sorting through things. I sent him the carrier information. Will follow up in a month. DD - We have not yet begun the request process, but expect to start soon. We are checking again with providers to make double sure that we are ready to receive 911 texting. We expect the request process to begin very soon. Chief Jerry Turbyfill			
Bertie County Communications	5/26/2015 TGB JW asked for the forms so I sent them.			
Bladen County Central Communications	6/9/2015 TGB sent Alisha Evans an email requestion information. DC 9/23: Live on Verizon.			TTY
Boone Police Department 911	5/26/2015 TGB Emailed Wanda for text to 911 deployment status.DC - 09/15. Left message for Wanda Smith (828-262-4500) to call me.			
Brunswick County Central Communications	5/26/2015 TGB Emailed Kim Lewis for a deployment update on text to 911TB - 09/17: Unfortunately, we have not moved on this yet. With all the changes we have gone through over the last year and so many things going on with the new building, we just haven't made the time to start the process. I will say that since attending the NENA/APCO conference last week, I have a better perspective on the importance of getting this going. I will let you know when we have the paperwork completed and I will send you copies. Kim Lewis			
Buncombe County Emergency Communications	5/26/2015 TGB need to ask in August...due to an upgrade.DC - 09/15. Johnny Wilson-Not going to do it until they can transfer the text to law enforcement. All agencies on the same type system. Have talked to their vendor.			
Burke County EOC (Burke County consolidation)	5/26/2015 TGB Candy sent this request to TCS "Burke County still needs to ability to initiate a text from 911 to a cell phone. It is imperative that we get this ability as much of the terrain in Burke County has very limited if any cell phone voice service. The Linville Gorge and Short Off Mountain are good examples of areas that we cannot always get a voice phone call however we can text with the 911 caller in distress. I realize the last conversation that I had with TCS dealt with caller privacy however this is for life saving measures. If you feel to comply would require legislative changes, I need to be made aware of this so I can start that process. "DD - 12/16: Live with text-to-911. 10/29: Live with Verizon.			
Burlington PD	TGB 6/9/2015 Alamance County will be handling their text to 911. DC - 09/16			
Butner Public Safety Comm (Granville County Consolidation)	Granville County Consolidation			
Cabarrus County Sheriff's Office Communications	5/26/2015 TGB They are live with AT&T and Sprint. They are set to test and go live with T-Mobile and Verizon hopefully at the end of this month."DC - 05/11: Intrado Text-to-911. 09/16: Letters sent.			Web Browser

Caldwell County Sheriff's Office/E-911 Comm Center	5/26/2015 TGB They have not completed the carrier forms because of upgrades			
Carteret Emergency Communications Center	5/26/2015 TGB Rodney submitted the FCC form. DD - 12/4: Was successfully deployed for TXT2911 for Sprint on 12-3-2014:10/24: Carteret County can now receive text to 911 from T-Mobile received through the TTY/TDD on the phone consoles. DD - last contact 08/14. Requested letters received and archived in CARA.	Y	5/27/2015	TTY
Cary Police Department	5/26/2015 TGB Doug responded with carrier forms and they are now in CARA .DC 12/11: Live with Verizon	Y	27-May	TTY
Caswell County 911 Communications	5/26/2015 TGB Emailed Harvey for information on text to 911 deployment status. DC - 10/27: Left message for Harvey Rudd to call me back.			
Catawba Co Communications Center	DC - 02/10: Verizon reports "in progress." 02/03: "Today T-Mobile successfully tested and deployed Text to 911..." We just updated our phones today (5/15/2014) and this fall our phones will get an update to be able to receive text but I have not done the letter of request yet. Jerry Boggs			TTY
Charlotte-Mecklenburg Police Communications	5/27/2015 TGB Joe Vanderlip stated the short answer is they haven't deployed text to 911 yet. Captain Bill Boger, our division director, is working with CMPD's IT staff and Intrado to implement the service, but it remains a work in progress.DC - 09/23: Live with Verizon using GEM911. 09/16. Looking at Intrado's SteadyLink. Have not sent letters yet. Will do that soon.			
Chatham County Emergency Operations	4/8/2015 TGB They are live with all 4 major carriers. DC 1/28: Live with Verizon.	Y	4/27/2015	TTY
Cherokee County 911 Communications	DD - 05/15: They are currently waiting for a price cost for the TGC card and software upgrade in order for their center to start receiving text to 911 calls.	Y	5/27/2015	
Chowan Central Communications	5/27/2015 TGB They are live with Verizon and AT&T using the TTY method. Sprint and T-mobile do not offer service in Chowan County. They are waiting on US Cellular. Once US Cellular is up and running they will register on the FCC website and provide information to the local news media that the service is available. US Cellular and Verizon are the two main service providers in Chowan County. DD - 12/16: Chowan Central Communications went live with AT&T text to 911 service today. 11/10:We have gone live with TTY SMS to 911 with Verizon Wireless. Of the initial four companies Verizon and AT&T were the only ones with non roaming coverage in Chowan County. We are waiting for test phone from AT&T because we have not been able to find anyone locally to use their phones to test with.			

Clay County E911	5/27/2015 TGB Emailed Jake for updated text to 911 information DC - 3/25: Live with Verizon. 2/20: Verizon in progress. 11/30: "For the record I started our venture into the 911 texting project today. I contacted Geoconex who are our CAD and Phone system provider, they verified we have the capability in our systems to go ahead with the project. They are sending me samples letters to send to the phone company's as you indicated. David I read the majority of the information you made available and still haven't seen anything saying this is mandated and by when. Is it? The concerns that we have are many and some I am sure can be resolved by an exchange of information. But some concerns require either soft ware development or new technology. Did I miss any schedule meeting on this topic or does the 911 board plan to have some for the PSAP's in the near future. Jake Ehrhart"			TTY
Cleveland County Communications	5/27/2015 TGB They are live with all 4 major carriers. DC - 3/24: Verizon live. 2/10: Verizon in progress.	Y	4/7/2015	TTY
Columbus Central Communications	5/27/2015 TGB Emailed Valecia asking for additional information DC 1/29: Live with Verizon.			TTY
Cornelius Police Communications	DC - 09/16: Judy tested w/ 3 of 4 vendors. Having trouble with Verizon they are working on.	Y	12/31/2014	Web Browser
Craven County Emergency Communications	5/27/2015 TGB Stanley Kite indicated that they have registered with the FCC and have tested the GEM 911 on their equipment. They have all systems ready except for US Cellular. " DCV - 2/19: Live with Verizon. DD- 08/13. Haven't started the request process yet. Plan to use TTY method of receiving texts. Earlier: Craven County has not made a formal request. We are not as excited about this as you are but we have been discussing with vendors and we do have the documents sent to us from Tina. I will update you as soon as possible. Stanley	Y	4/7/2015	GEM911
Cumberland County 9-1-1	5/27/2015 They have deployed text to 911 with the 4 major carriers. DC - 2/23: Live on Verizon. 2/10: Verizon in progress. 07/09. Not started yet. Have meeting with recorder vendor to find out if text conversations can be archived on their recorder.			TTY
Currituck Communications	5/27/2015 They have not completed the carrier forms. Liz Hodgis started working on the readiness questionnaire and ran into some blocks. She contacted her telco rep. I have sent Liz all of the documentation needed to request text to 911.			
Dare Central Communications	5/27/2015 TGB Trey will complete the FCC form. DD - 03/18: Last week we went live with Sprint and AT&T for text2911 (all went well). We are currently awaiting callbacks from T-mobile and Verizon (we're in the system).			
Davidson County 911	5/27/2015 TGB emailed Terry for an updateDC - 10/24: Terry Bailey is not ready yet, Had some questions. Asked me to send information.			

Davie County 911 Communications	5/27/2015 They have had significant turn over in administration. They plan on upgrading to the A911 system. Once the upgrade is complete, they will send the request letters to the carriers. DC - 10/24: Called Ronnie Robertson. Will implement when install new switch.			
Duplin County Communications	5/27/2015 TGB Emailed Denita P to see if they have deployed text to 911			
Durham Emergency Communications	DC: Live 8/11/2011.	Y	12/31/2014	Web Browser
